Deepak

SOFTWARE / WEB DEVELOPER INTERN

Delhi, India | +91 8750476209 | Ds6248994@gmail.com
Portfolio | GitHub Profile

PROFILE

Aspiring software/web developer seeking an internship to apply my project-based experience and grow in a professional development team. I have built web applications using HTML, CSS, JavaScript and React, and practiced backend development with Node.js and Express. My projects include API integration, authentication, database-backed features and responsive user interfaces. I also bring professional customer-care experience, communication skills and a methodical approach to solving problems.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), React, Vite, responsive design
Backend	Node.js, Express.js, REST API integration, CORS basics
Database	Supabase, SQL fundamentals, authentication, Row Level Security (RLS) concepts
Other	Python fundamentals and OOP, Git, GitHub, VS Code, npm

PROJECTS

Weatherly | Weather & Air Quality App

React, Vite, JavaScript, Express.js, Visual Crossing API

- Developed a weather app showing current conditions, forecast information and air-quality readings.
- Integrated an external weather API and worked on hourly trends, location handling, timezone display and error states.
- Built a Live Map feature; nearby-place lookup and map reliability are still being refined.

DJROCK Gaming | Gaming Website

React, Vite, JavaScript, Node.js, Express.js, Supabase

- Implemented game listings and detail pages, registration/login, profile, logout and favorites.
- Connected Supabase authentication and database policies for user-specific data.
- Added an admin dashboard for managing site content and features.

SocialAI Manager | In Progress

React, Node.js, Express.js, Supabase

- Building the foundation for social-media account connections and related data management.
- Practiced OAuth flow concepts, authorization-header handling and encrypted storage using test values.

TechTrunk | Shopping Website — In Progress

HTML, CSS, JavaScript

- Created product/category sections and shopping-page navigation.
- Implemented the initial add-to-cart array and cart counter; cart-list rendering remains in progress.

JavaScript Mini Projects

HTML, CSS, JavaScript

- Built an Age Checker, Calculator, Student List Viewer and Student Search App to practice DOM interaction, input handling, conditions and data rendering.
- Published demos using GitHub Pages and maintained source code in GitHub.

EXPERIENCE

Customer Care Executive | Morena Technologies Pvt. Ltd.

June 2024 – May 2026

- Communicated with customers professionally and supported the handling of customer concerns.
- Strengthened listening, issue understanding, follow-up, teamwork and problem-solving skills.
- Maintained a professional approach while working with processes and customer requests.

EDUCATION

Class 12 (CBSE) — 2017 | **Class 10 (CBSE)** — 2015

LANGUAGES

Hindi, English
